Continue

Simple to use ratings for all UK & Irish Racing both Flat and Jumps published daily the evening before day of racing in the forum. They are not designed to be stand alone but to form the foundation for you to build your own strategies and systems culminating in your own personnel successful selection process. Fancy trying your hand at being a tipster, please feel free to post your thoughts, tips, systems and ideas in the forum. Established in 2001, our mission is to develop and promote Ireland as a world centre of excellence for horse racing and breeding. Our Registrations Department handles racehorse ownership, naming and registrations as well as records of horses in and out of training, while the Publications Department produces the weekly Irish Racing Calendar and the Irish Form Book and provides the media with racecard information on all Irish meetings. The Racing Department is responsible for entries and declarations and handles any queries relating to going reports, handicap ratings and balloting and our Race Planning section compiles the annual Fixture List for Irish Racing and reschedules any cancelled fixtures. Racecourse Services are responsible for the provision and maintenance of mobile track equipment One of our main objectives is to get more people to go racing, so our Marketing Department runs national campaigns to attract and retain racegoers with a mixture of nationwide advertising, mainly in radio, print, and online. We have three commercial subsidiaries: HRI Racecourses Ltd, which owns and operates Leopardstown, Navan, Tipperary and Fairyhouse Racecourses; Irish Thoroughbred Marketing (ITM), an international marketing agency promoting Ireland as the best country in the world in which to breed, train, buy and race thoroughbred horses and Tote Ireland, which provides a wide variety of betting options for all racegoers, with all profit going back into Irish racing. For more detailed information on Horse Racing Ireland, its Board and various departments please visit our main website www.goracing.ie National Hunt action Photo Healy RacingHorse Racing Ireland (HRI) today announced a number of initiatives designed to spread investment and provide further opportunities in Irish National Hunt racing. Beginning on January 1, 2025, HRI will schedule 60 races throughout the calendar year which will be restricted to trainers who have trained less than 50 Irish National Hunt winners in either of the last two full Irish National Hunt seasons. This effectively precludes horses trained by the big four National Hunt yards of Willie Mullins, Gordon Elliott, Henry De Bromhead and Gavin Cromwell from running in this series of 60 races. Races in this series of 60 races. Races in this series of 60 races. Races in this series of 17 races which currently identifies opportunities for trainers with defined levels of success over previous seasons. Eligibility for all races within the series of 60 races has been designed by the HRI Programmes Committee to give trainers the confidence to attract new owners into their yards with the knowledge that there is a programme of races in the calendar that provide this function, and this series is a step up in quantity which is intended to deliver a body of races substantial enough for trainers to encourage owners into their business and plan campaigns for those horses. Also commencing on January 1, 2025, HRI will alter the rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 7lb, with the lowest rating bands in handicaps will now be in increments of 10lb rather than the current system of 10lb rather than current minimum rating of 80 removed, with horses now running off a rating of not lower than 72. This will ensure that every handicap hurdle will utilise the full range of weights and will provide more horses with an opportunity to be competitive. Andrew Finnegan, HRIs Race Planning Manager, commented: These alterations to the National Hunt rating bands will provide more opportunities to lower-level hurdlers and provide a clearer distinction between all handicap bands. These changes are being introduced by the HRI Programmes Committee following consultation with the Irish Racehorse Trainers Association, the Association of Irish Racehorse Owners and the IHRB National Hunt
