Backed by the Industry Leading Lifetime Service Agreement, the 15 Amp 10 in. Its dual bevel capability and adjustable miter table make it perfect for a wide range of cuts and applications. HOLZSTAR provides machines to the most different kind of users, e.g. model makers, interior decorators, furniture makers, builders, toy makers, handicraft enthusiasts, etc. Goal of our products is to make your work easier, so that you can enjoy the results even longer.

The Universal Saw Adapter Plate allows you to pick the correct type, size, and style of saw to facilitate the projects you're looking at. For example, you probably wouldn't use a 6-1/2" battery powered saw to cut 1-1/2 inch thick granite for a counter top, but a worm drive style saw with the appropriate blade can do so without issue. Used it recently on a 4x8 ply with a Ridgid 18V circular saw and it made the cut a breeze - didn't wobble at all, cut a perfectly straight line. For \$28 this is great. Especially liked the adjustment on the cutting line - is a clear plastic with a thin red line on it (not the red arrow as in the photos).
